Headmaster's Message

After six years as Headmaster of Stanstead College, it is important to take a few moments to stop and reflect. Like the graduating students, I am also moving on to new challenges - returning to my roots in Montreal, where I grew up, to become the seventh Headmaster of Lower Canada College. When thinking about the past six years here, so much comes to mind. We have worked together to enhance facilities: residences, classrooms and rebuilding the Student Centre after a fire in the dead of winter in 2001. On the programme side, new initiatives have flourished under capable faculty leadership: community service, the wireless laptop learning programme (ELP) and a broader world view through membership in the Round Square (RS) international association of schools. All of this is important as the framework for learning and growth. However, what I really see most clearly in my mind's eye are the faces of all the students who have passed through our gates because they are the reason we exist as a school - our *raison d'être*. When asked to pose for a parting photograph for this issue of the Red & White, I did not want a formal portrait but preferred to have some students accompany me. Late this spring we gathered by one of the lovely leafy maple trees near Bugbee House. Each of the students with me has embraced various dimensions of our programme well beyond the walls of the classroom. I believe that for teenagers to really grow and discover their true character and personal potential, they need to be challenged beyond the classroom by meaningful experiences. This is fundamental to the ethos of Stanstead College. Full involvement is expected of students and ideally, self-discovery emerges through a host of different opportunities. The students on this photo represent a wide array of experiential learning now part of school life. Two girls are Round Square exchange students (from Australia and India) and each brought unique perspectives to residential life. Two of the students represented SC at the annual RS Conference at Deerfield Academy in Massachusetts last fall. Several of these students were contributors to significant "firsts" this year - our first ever international outreach project building homes with Habitat for Humanity in Mexico, and a unique student exchange with Inuit students from Arviat, a Canadian Arctic community in Nunavut. Still other students in the photo were leaders in Community Service or as prefects in the school.

Through these opportunities, students were asked to show leadership and a willingness to leave their personal comfort zones and test personal boundaries and perceived limits. In addition to hard work in the classroom and on the playing fields, these experiences have become an important dimension of broadening our students' perspectives and developing character at SC. Witnessing this kind of growth has been immensely satisfying for all of us who work directly with boys and girls from all over the world.

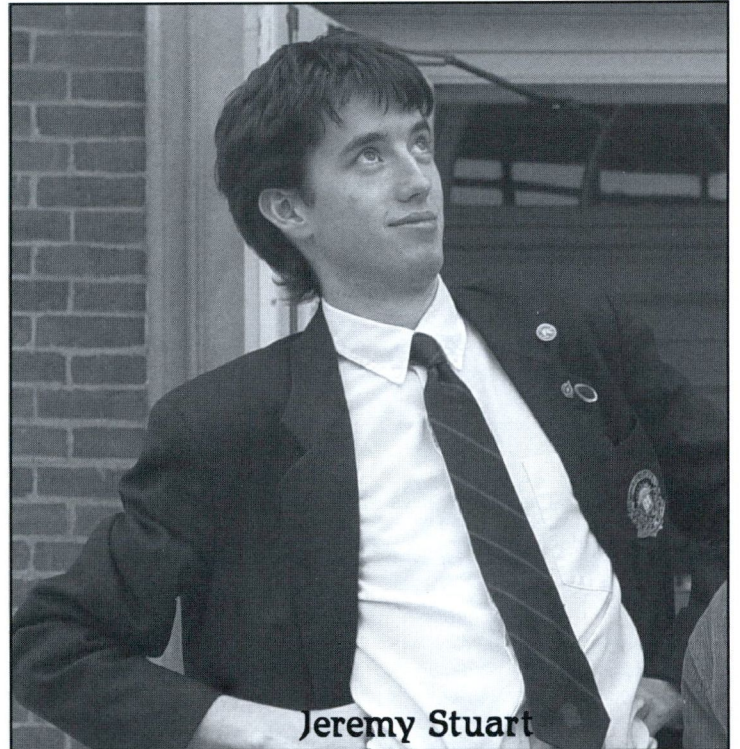

I am very grateful for the honour of being Headmaster at Stanstead College for the past six years. I have appreciated the opportunity to work with so many committed trustees, gifted teachers and support staff - and I am deeply appreciative of the ongoing support provided by my wife, Hilary, and children, Leah and Matthew. However, I must reserve my final thanks to all of the students who have attended the school for challenging us on a daily basis and making education the most gratifying profession of all. Best wishes to all my friends and colleagues associated with Stanstead College. In whatever you do, continue to dare to excel!

A Message from the Editor-in-Chief

Firstly, I apologize to anyone whose name we misspelled, or whose picture didn't make it in...heaven forbid! I move off to university in less than 10 hours and I still haven't packed...and we still have 30 pages to finish. Ohhh...you laugh! It's going to get done...you're reading this...so I'm pretty confident that I'm going to finish it. A big thanks to the yearbook staff, who helped out during the year.

Please, even as you read this, give at least one minute of serious thought to joining Spectrum.

KEVIN BENNETT

First off, I would like to thank my parents for making this experience possible for me and also thank them for always being there for me. Now, this year was filled with stupidity and also intellect thinking. Although, stupidity sometimes took over, "video camera crew", we still had fun. Travis, I think it's time we skip school and go skiing, "High five! NOT". Chow, remember, I am the master at Poker "PA!" Graham, "G-Unit!" good times (Juice). Paul and Tristan, break nights are the bomb. Chloe- can you eat anymore chicken fingers? Jasmine, ill miss your humor! Bonaro, BAL en Blanc was sick. To all the other people I did not name, don't worry I didn't forget you, just not enough space! I will miss you all! And remember; don't take life too seriously.

MIKE BONARO

Ahh, finally my time to come out of the woodwork and say my many thanks to many people who deserve it. First to the administration, I would like to thank you on your honesty, work ethic, and honorable business values, and secondly I would like to thank my wits for keeping me sane for the past 3 years. Thanks to the people who enjoy flexing their metal muscles to make this school what it is. Also to Darkside as one of my only forms of happiness, I will claim vengeance for your smiting. Thanks Montreal and Aria, and thank you to the few people I truly call my friends, D-Bags, sals, my shrink Amii, my boys in the Raver Crew, the trio, nerds, and anyone else I've shared a drink, a laugh, or any moment with. Thanks mom & dad and the few teachers, Rioux, Van Dyke, Wells, P, who help me during my tenure. Well since I came here till now I learned a lot about life and people, and my conclusion is that I dislike both. So now for me, its on to bigger and better things, back to Jersey finally and then onto Vill, so now I'm gonna finish typing and possibly do something else I suppose, word. Well bye...

ALEX CERRETANI

It is the end of this year and time to move on to bigger and better things. I'd first like to thank the Administration; I know they did their best and they did it with an unrivaled heir of professionalism and hubris (To be fair, the iliococcygeus makes a better door than a window). Of course, the real thanks go to all of my great teachers whom I hand picked during course selection: Mr. Van Dyke, Mr. Rioux, Mr. Planetta, Mr. Wells, Mr. Telling, and Mr. Jansen. I won't use this space to list off the names of my friends because who has time for that? (Actually, the list would just be embarrassingly short, but is that a reflection on me or on the caliber of Stanstead's unwashed student body? Just a thought...) It'll suffice for me to thank all of the intelligent or kind people I've met along the way. As for everyone else, I hope you get what you deserve at college, everybody does...

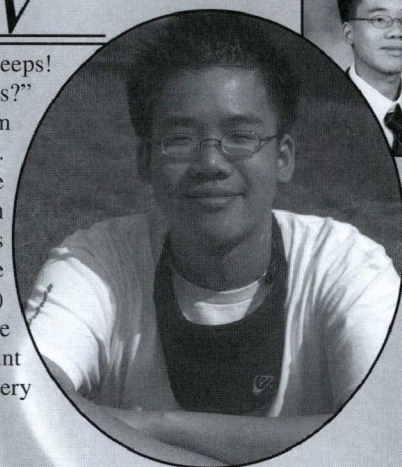

KA LOK CHAN

This is my first year in Stanstead College, I am glad to know all of you. I had a good time living in Davis (Besides the fact that someone stole my thing .V.) I will never forget this moment in my life. Brandon: no one is going to help you to tidy your room anymore. Tristan: I am glad to have you as my first roommate, do well in the stock market. Chow: One day I will beat you in CS, good luck with your first year of university, get a good result to transfer. Anthony: Practice more, may be one day you can beat me in pool :p Ms Gitten, you are my favorite teacher. Sean: you are the smartest kid that I have ever known. Hope you guys will have a good year in University, good luck.

DAIRIC CHOW

Whoa~! This is my first year in a boarding school, and I had no idea it could be this fun. Well I'm gonna miss all of you peeps! Except for two people. Everyone knows me as chow for some reason. I never really did like my first name.. "Ah you sewious?" like Ka would say, the year went by so fast, please Ka don't "died". Brandon Lee, what do you usually get on your room inspection? 3 or 4? I am surprised that you aren't a morning person yet after all the house hours, and you are great rapper(. Thank you Sam for teaching me how to stay up late at night by just making a lot of noise with the help of Uli(you make the best burgers)... Bennett you gotta learn how to keep your hands off of other people's stuff then breaking them and then saying "dude I'm so sorry". Graham! I actually think you play more video games than I do! No Anthony I will not play chess with you, I don't want to lose, Tristan can't wait to see you in University, it's gonna be so heat! Ryan Puritt you gotta be one of the funniest people I know. Ryan Park! Thanks for all your awesome music, you're a great guitarist (you doooooooo!) Phil, you and your French swearing... Vivian you were nice to me despite your loud voice. I obviously destroyed all of the Davis and Bugbee people in CS, but I am sure we had a lot of fun at the beginning of the year, I can't believe that the amount of CS played became a school issue. Shoutout to Mrs. Campbell, the best advisor. In the end, good luck to all of you! Every dream has a price, the question is: how much are you worth? - chow

It's been a good year. I'd like to once again thank my mom and grandmother for sacrificing so much to give me the opportunity to follow my own path; Mr. Mac for being a great advisor; and all those who've taught me over the past four years. Hope, you've been my best friend the whole way through, and you're going to love whatever you end up doing next year. Salem, Eddie and "the bird incident"; Walks around the track in the cold, Nerd jokes, Random, super-fluous the great flood and many more that I know I'll never forget. Good luck to everyone leaving, and good wishes to those who are staying on.

HOPE HUTCHINS

I never quite knew what to expect from Stanstead when I started here as a shy seventh grader, and now six years later, I still have a hard time describing it. To all the personalities that I had the chance to get to know and to those I only wish I knew better, thanks for being a part of my Stanstead years. Mom and Dad, with your help I've made it through the first step. Jeremy, whose claim that Canadian politics are interesting is finally vindicated; I'll always envy your charm. Charlotte, my perpetual roommate even when we weren't in the same dorm, thanks for all the walks around the track, too much chocolate, soda in suspicious bottles and general nonsense in Miss Getty's clubhouse. Joey, who continues to surprise me and will someday convince me to stop reading into things, I'll always look forward to movie Wednesdays. Thanks for showing me that a hug can fix things when words get in the way. Jaime, Chelsea, Steph, May; I'll never get over you guys getting cars before me! Miss Roy, thanks for ice cream and incense. Miss Robertson, thanks for all your help and your patience. Miss Getty, your web site alumna will miss dropping by your office. Graduating isn't about saying a permanent goodbye to the friends you've made, but collecting your high school memories as something to grow from while looking ahead to those experiences that will further define your purpose in life. I appreciate all those who have helped me realize this. Thanks to the teachers who challenged me, thanks to the friends who laughed with me, thanks to the one whom I treasure the most.

Time surely has flown. It just feels like it was yesterday when I first came here 3 years ago. And be quiet, you are too loud!! Paul Kim! The athlete of the year! I learned soccer from you, and I will never forget those days. And the last ones I am mentioning goes to my best teachers! In few years, I will return with god's nectar in my hand. Well bye everyone! I will miss everything about Stanstead!

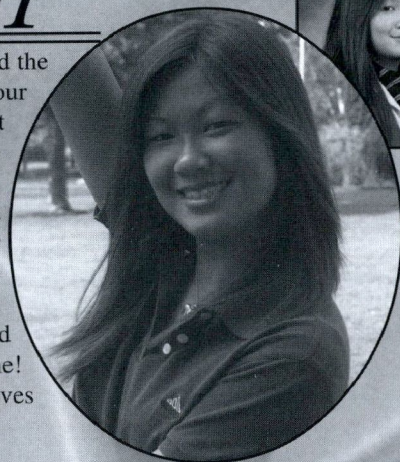

GRAHAM LLOYD-SMITH

Thank you Mum for all the troubles you've gone through and all the work you've done in raising me. I know you have had countless worries, and we have all wondered whether or not we would make it this far, but we have, and you've done a great job. Dominique, sis, I think you always knew that I look up to you in every way, and I think this is the first time I have ever mentioned it. You are the main reason why I have kept my nose out of serious trouble and why I survived without a second parent. Grandmere and Grandpere, thank you for all your support, mainly these past two years. I think my life would be much different, for the worse, if you had not provided me with the life I needed. Kevin, it was pretty crazy as neighbours at the beginning of the year, but things settled down and it's been a really chill year. Good luck next year man. Now for the friends, Matt - u should probably stop driving. Chad - we made a good team. Uli- our burgers are sick and get some sleep. Tristan - we've had some good times together. Wow, I still can't believe that I'm out here at all, and already the year is over. There were lots of times that I didn't think we would all make it, but we struggled through and now here we are. I know I could not have done this on my own, thanks to all the coaches and teachers who were there for support whenever it was needed, but most importantly thanks to the amazing friends that I made this year. To the soccer girls, CAIS was awesome, I'm happy for all the words we wrote to each other that day. To the rugby team, even though the season was a short one I learned a lot and had fun. To my hockey girls, keep playing the game no matter where life takes you and enjoy it. You're all amazing and I hope to come back soon to see you guys destroying the other teams!! Kim and Hilda, where do I even start, kraft dinner, cheesecake and candy, late nights up, random bursts of crying and laughing all at the once, I could go on for pages, read your letters, just know that I love you guys and always will. Kim I hope to play you in hockey sometime next year, but both of you get ready for next summer. To everyone else: Ahreum it was great living with you I missed you this last part of the year, Maria, Chuti, Kate, Cons, Jen, Cece, Amii, Seif you crazy Egyptian if you ever get your Labrador name it Miller for me, Sam, Chad, Stephen and all the rest, I love you all. OMG!! The time has passed real fast!!! This is my third year which is my final year in Stanstead. I thought I'm gonna be so happy to leave but it's not. I actually gonna miss everyone in this school... This year's Korean band wasn't that satisfy. I mean the members were great but I didn't have much time to practice than last year. I'm kinda expecting to see new Korean band in Stanstead next year, without me. Sometimes, I hated school's rules and actually argued few times with Mr. Rioux. (Ha ha~). However, I'm really glad that I am graduating this great school. I'll keep all the memories from Stanstead, in my mind. I'm obviously gonna see them in Korea sometimes but, I'm gonna miss all the Koreans. Especially, I'm gonna miss my two Korean bros, Steven Ma and Paul Kim. Keep it up, Paul!! Got only 1 year left!! (U ready to have fun in NYC, Ma?) Finally, the only thing I'm gonna say is that I really had great time~!! **WERD~!!**

First of all, I like to thank my parents for being my courage and support me all the time. Wow! I can't believe that I'm graduating high school! After years of hard working that lead me to my goal, getting in a university...which is another hard working place. Anyway, I had enjoyed my time here at SC. As a Thai student coming abroad, I've gained loads of experiences. Being friends with people from different countries around the world was amazing. It is hard to believe that a quiet person like me, start of my first year in SC living with Sam as a roommate. He was the funniest and loudest person I've ever met. Also my close friends, Xander and Mike who pretty much taught me the good culture and language of Americans. I like to wish all my other good friends a good luck in their future life. Now, for my last words, I like to thank all my teachers who were like my parents here. Enjoy your BREAK!
Chok Dee! (which means "good luck" in Thai) ^^

ZSOFIA BATA

As everyone else I came to this school with a goal. It was to learn English. Not long ago I realized that there are much more important things in a boarding school than leaning. I will never remember a perfect bio test that I studied for 10 hours, but I'll always remember a Hockey game no matter if we lost, or won. There is no need to get angry at people if you can go out to the fields and imagine their faces to be the bags. I don't know if I'll ever see anyone again, but I'll always remember the things that you made me understand about life. Te amo Alan.

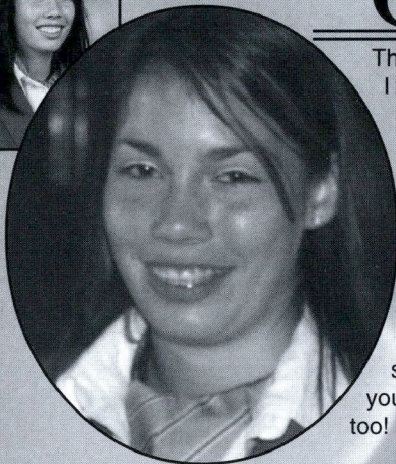

JENNIFER BAUER

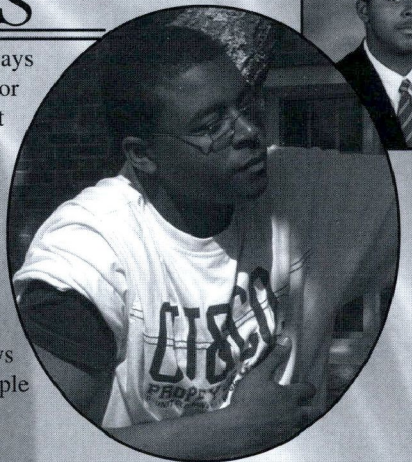

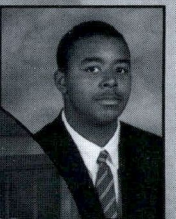

Wow.....five years down and one more to go!!! My five years here at Stanstead College, were a rollercoaster of memories, emotions and learning. There are so many memories that I will cherish for the rest of my life, so many people I will never forget and be grateful for. First, I would like to thank my parents and my bro for being there for me in my worst and best moments. Thank you for giving me this great opportunity, I have learned so much and it was a unique experience! Nick....je suis tres fier de toi, continue de travailler fort, je t'aime! Miss Wadleigh, thank you so much for being not only an advisor but someone who watched over me for some many years. Mr. Van Dyke, one thing that I will always remember is CAIS at Halifax with the senior girl soccer team. It was a magical season where 18 players became a team! Thank you for giving us that opportunity! Mr. Grenier was here two years ago but without him I would not be where I am today. Thank you for inspiring, pushing and especially believing in me! May.....where should I start....you are a great friend which I shared many laughs and memories with and I will miss you so much next year! Michelle, you are such a cutie, see you next year! Cons and Jamie, I can't wait to go to Australia, it will be awesome! For all the grads good luck next year and in the future! We are so anxious to leave high school that sometimes we forget to appreciate what we have, we are the luckiest teenagers so don't ever forget that! Thank you to everyone that helped me and I will see you next year! Grade 12, here I come....!!!

CONSTANCE BEDARD

This year has been a great one, I've experienced a very interesting year. It first started with soccer. At first, I thought I was going to get knocked off the team, but because everyone in my team believed in me, I improved a lot by the end of the season. The team started as strangers and turned into one big happy loving "family". I'd like to thank all eighteen girls for such an amazing season. I love you all! Also, most importantly, I'd like to thank Mr. Van Dyke for not believing in us in the beginning so that we could impress him in the end with so much improvement and prove to him that we could do it. Then came hockey season, once again, a great team. Everyone played their hearts out and I enjoyed my time with all of you. Mr. Davies and Mr. Planetta were the greatest coaches ever! Remember when Kim surprised Mr. Planetta with the hockey stick girls? That was too funny! Good times! Love you girls too! I still can't believe I scored, that was thanks to all of you for believing in me! Sara and Jenny, I won't have you to understand me next year. I'd also like to say thank you to Mr. Davies for helping with chemistry, it was greatly appreciated. Good luck to all my graduating friends who will be going off to University or Cégep, hope to see you soon. To my mum and daddy, who stuck by me through my most stressful moments and kept encouraging me. I love you! To my friends, you all know who you are, thank you for being there for me, have a great summer! I love you guys too! And to my boyfriend, Matt, for encouraging me and listening to me, thanks. Love you!

Stanstead, a shelter for me as I go through one of the most important stages in life, it's taught me something we cannot learn in class, all kinds of different experiences. 5 years have gone by, lots of memories to recall, good or bad, all valuable. I have to thank my parents, who have been supporting me since the beginning, and giving me advises, I'll never let you down!!! Thanx to all the teachers, they've shaped me the person I want to be. Special thank to my advisor/coach, Mr. Scheib, You've taught me lots and saved me from serving hours, thank you for always covering my back. Chris, Lemyre, Ronsse, Theo, May, Jen, Leah, Anthony, Jamie and Marie, it's been a long but fun ride with you all, no doubt we'll finish this trip together and one day when I look back, you'll always mean more than just friends. THEODORE CREARY

I have gone by many different names over the course of 5 years at Stanstead College. I've gone as; Tito, Theo, Teddy, Mheo, Theodoro and Teo. I never knew that so many names could be made with the letter T. The five years that I've spent at Stanstead College have modeled me, into the person that I am today. The teachers have been great and very helpful in helping me to advance in every aspect of schooling and school life. I would also like to thank my parents who have supported me all along the way and dished out the big bucks for my education. I've made tons of new and different friends here at Stanstead College and hope to come and visit as often as possible. What's unique about Stanstead is that, this place doesn't shut down right after school but continues to be a place to hang out and fun with friends every night. Hey, what about football and rugby great sports, I'm glad I was given a chance to play the great game of football (Hey, first season, undefeated, time to think about playing in the NFL) and have the great rugby experience! I hope never to forget what the school has provided and given to me, Stanstead College is truly a life changing experience. And hope I have everyone's vote in about 35 years when I run for Prime Minister of Canada!

What did I learn at Stanstead? I know I learnt a lot of things, but most of them were not in a classroom. It changed my perception of so many things, I learnt so much from people from all over the world. It's amazing that my time here is about to end, but I know I enjoyed it as much as I could. Leaving Stanstead will be really hard and I'm sure I'll remember it forever as the best year in my life up to now. The trips, the breaks, the weekends and all the great times and even the few bad times I had with my friends made me a more balanced person. And of course, Sofia, you showed me so many deeper aspects of life and amazed me by showing how interesting a girlfriend can be. TE AMO PRECIOSA!

Wow...! This year went faster than I thought.... It's already been three years here at Stanstead College. However it seems as though just yesterday I arrived here for the first time to Stanstead. Perhaps this year grade 11 was the fastest year in my life here... and it was all because of you Laura...Laura Struth... a German.... my lovely girl here... we fought a lot... but I believe we had much more fun than we actually thought. It is the last year here with you and me... and perhaps the last time for visiting Canada for you...I'll still miss you even the moment when you are reading this right now... though I'll be tough in front of you... lol..**Ich liebe dich fur immer Laura....**Next... my best Korean friends Joo and Sang Jun... You guys are the most important friends here...Though we had hard time and also the time with happiness... you guys support me for everything...Let's have fun next year too...!!! Sorry for everyone that I didn't mention... but I hope all of you guys having fun and enjoying your life until we meet again....!! Have a great summer vacation....!!

Que peder cabrones! Well first of all I am not even writing this joint right here on my own. My roommate writes it for me so if something sounds a bit weird, it's all his fault. My roommate is the coolest guy on campus. I am very thankful that he writes this for me. He always helped me out when I did not understand my homework and shared everything with me. Ok let's come to business now... I would like to thank teachers that gave me more than 68 % percent as mark and to all the rest, wait till my roommate is president and makes you pay for what you did to me. ANTHONY THUIN

"Passive acceptance of the teacher's wisdom is easy to most boys and girls. It involves no effort of independent thought, and seems rational because the teacher knows more than his pupils; it is moreover the way to win the favour of the teacher unless he is a very exceptional man. Yet the habit of passive acceptance is a disastrous one in later life. It causes man to seek and to accept a leader, and to accept as a leader whoever is established in that position."

-Bertrand Russell

The 2004 Football Spartans wrapped up a most satisfying and rewarding season, with a perfect 8-and-0 record. The team was endowed with an excellent balance of experienced veterans and some fine first-year players. An explosive offence featuring four talented running backs, combined with an aggressive, hard-hitting defense, were key to the team's success. Over the six-game regular season, the Spartans dominated, outscoring their opponents 215-13. In competition against our perennial rivals B.C.S., the team decisively won both regular-season games, thereby recapturing the Senator C.B. Howard Cup after a one year hiatus. The season's highlight came in the league championship game held at Bishop's University's Coulter Field. Against a talented and spirited team from Chateaugay Valley Regional High School, and with a number of our key starters unable to dress, the Spartans came up with their best team effort of the season. After falling behind early in the game, Stanstead prevailed with a hard-fought 28-7 victory. The Spartans were presented with the J.C. Ellyson Trophy, league champions for the second consecutive year. Congratulations to all 28 team members for their dedication, determination, sportsmanship and achievement.

The X-Country Running team attracted a large number of students – 60 in total. 20 students participated on the Competitive X-Country Running Team and the others chose the Non-Competitive aspect of the program, working on personal running goals. We kicked off with The Terry Fox Cancer Research Fundraiser at BCS, in Lennoxville in which all team members participated. We had three invitation meets: BCS, Galt and Stanstead – the final ETIAC meet was held at BCS. Our top runners: Laura Goodyear, Bantam "S" (Girls) -Gabriel Ellison-Scowcroft, Bantam "S" (Boys), Ayk Saakyan, Junior "S" (Boys), Caroline Wilfort and Chloe Campanale, Junior "S" (Girls), and Alan Hazelhurst Howles, Senior "S" (Boys), Zsotia Bata, Major "S" and recipient of the W. Greenshields Memorial Trophy for X-Country Running. The general progress of all team members' running ability and stamina improved significantly throughout the season.

The 2004 edition of Sr. Girls' Soccer proved to be one of the most enjoyable of my career, despite the fact that after opening tryouts I was pessimistic about being able to even compete. However, by season's end this unforgettable group of athletes had made a believer out of me, and reminded me that anything can be accomplished with EFFORT, and a TEAM concept. In 12 years of varsity sports, I've never seen a closer team. No pettiness, no selfishness, only teammates working for each other towards a common goal. I've never seen every single player give their best effort all the time. I've never seen every single player overachieve, and maximize their potential. Until this season. Each of you made up for your lack of natural gifts with smarts, teamwork, heart and effort. Less ball skills? Communicate and play wide. Can't kick far? Advance the ball through passing. No speed? Use positioning (ok, and a little pushing). Less athleticism and talent? Outwork and outsmart the other team, every single game. I've never been prouder of a team. Maria, Carolina, MP, Mailin, Mama, Fi, Osei, Smills, Constance, Aiks, Montse, Daniela, Amanda Boots, Kim, Marie-Eve, Jenn, and CC, for 2 months you guys represented what sport is all about. Effort and Team. And ladies, a few things you should never let yourself forget;...how devoted you were to each other...that game against Country Day School at CAIS, losing in penalty kicks to the unbeaten and untied eventual champions...what your teammates wrote on your backs that autumn day...and, of course, never forget the doughnuts!

It was a pleasure to coach you.

The Stanstead Spartans senior boys' soccer team completed one of its most successful campaigns in recent memory, winning the ETIAC regular season championship with a 6-2-1 record, while scoring 15 goals and conceding just 5. The title was only assured on the last day of the regular season with a 3-0 win over Alexander Galt. In a hard-fought playoff final, the Spartans lost 1-0 to BCS on an early goal. Throughout the year the Crusaders and the Spartans were evenly matched, splitting four games, all 1-0 scores. The team also managed a win and two ties against strong sides from New England. Four highly skilled and determined players from the 2003 Spartans joined five graduates from Mr. Rioux's excellent junior program to form a solid nucleus for the 2004 campaign. As always, the 2004 Spartans was a very international group with players from South Korea, Japan, Belgium, Germany, Italy, Mexico, USA and Canada. Our juniors narrowly missed winning the regular season with a 2-1 loss on the final day of competition, before dropping out of the playoffs with a heart-breaking overtime loss. I am looking forward to working with another strong contingent of graduating juniors in the 2005 season.

This was an exciting and busy season for the Bantam Boys. Being 'thrown in at the deep end' with the opening tournament at B.C.S. was a shock for many members of the squad but they recovered quickly and saw the need for skill-building and fitness-training. The early league games found us in contention with most other sides though the first victory had to await an away match at Massey Vanier. While there were some individual 'stars' in the side, the boys played well together and all their performances improved as the season progressed. Unfortunately, the team narrowly missed qualifying for the playoffs but everyone gained from the practices and matches to have a fun and productive time.

For the second season in a row the junior boys' soccer team was a force to be reckoned with and competed for the league championship and playoff title. Unfortunately, Our 5-3 record didn't hold up, and the team lost the league banner on the final game of the year in a difficult overtime loss. Although the team was seeded second in the playoffs, everyone knew we were capable of winning, however, we once again came up short in another rather thrilling 2-1 overtime defeat to Alexander Galt High School. The season may have been a season of seconds, but the reality is that this team was one of the most talented and hard working groups of boys I have ever coached. Their tireless efforts, smiles, and willingness to succeed will never be forgotten. I am proud of this team and look forward to next season.

Fall Sports Assembly

After the unparalleled success of recent years, this season represented a step backward. With only one returning senior and a dearth of female basketball players in the school, 2004-05 was a rebuilding year. No longer were we vying for the ETIAC Championship or the Bailly Banner. Instead our year-long focus was on fundamentals, improvement, and achieving to our potential. And I am happy to report that, in those respects, it was a successful season. Overall team speed improved, as well as shooting, inside and outside. Practice drills became crisper as the season wore on, and through repetition the players developed a sense of the flow of the game. Rebounding and zone defense, while new to most of the girls, actually developed into strong points, as they did not depend on innate skills as much as desire. And desire these players had. Consistently outmatched by bigger, faster, stronger, more experienced teams, this group never gave up. In fact, the desire and effort of this year's team can be marked by the following; in the first game of the year we were easily manhandled by Galt 54-7. In the last game of the season, we lost 38-23. AND the game was in doubt until the last 5 minutes. This is the most improvement I've ever been a part of, and I applaud the players for their will to get better. Congratulations to Senior "S" recipient Dianne Osei, and special congratulations to MVP May Libby, without whose leadership we never would have developed as much as we did.

This year we started out with six returning players from last year - Emrich, Thompson, Chiu, Hussein, Ma and Cgeorge and added seven new players to the mix including the two Chavannes brothers. The season, once again, did not turn out to be a great success, but we did equal the number of wins - 2 (plus 2 overtime losses) in the first half of this season compared to our total wins for all of last season. In the second half of the season we won 3 more games (including a 41-40 league win vs BCS) and played better as the season progressed, finishing 1-7 in the league and 5-14 overall. In the Anderson Provincial Tournament, we defeated Gaspe in overtime in pool play and advanced to the semi-finals. There we played the strong St. Pat's team, and played them better than any other team at the tournament, but still lost. The Anderson Tournament remains the event of the season for many reasons. While not the most skilled, perhaps, some of the personalities on the team this year kept us all chuckling, and none more than the Zo-Man. The self-processed 'Ladies Man', 'M.Z.P.', and "best athlete in summer camp" hahaha also called himself "the best basketball player in school" ... we're not sure which school he was talking about. I asked the players to bring a friend each to our home games so we would have a crowd and only Chad could make that happen. Our bad hands guys - Cgeorge, Seif and Chad (Galt pass from me) continued where they left off last year. We had Paul Chiu who cannot shoot a jump shot but who has the most spectacular reverse lay-ups has now developed a dunk as well. We had Christopher Chavannes - MCP - who wanted to keep his feet warm at BCS by wearing his Adidas shoes with school uniform, and lost his start in the next game. We had Kelly's 3's and Simon's moves. We enjoyed interacting and hanging out with the BCS coaches and girls (some more than others) and this helped make up for the absence of our own girls team at events like the AB. Our assistant coach, Mr. Masaki deserves a 'slight piece' of mention for learning the sport and becoming more than just a cheering fan, as well as the great support and sense of humor he brought to his dealings with me and the rest of the team. Stephen Ma was our best player all year long in terms of effort, results, all-star trophies, and leadership. Andrew Emrich also deserves praise for his hard work, although last year's results were even better and he knows what it will take next year to be 'the man'. Thanks to Jeremy Stuart and the rest of his 'Skittles' Minor Official Crew for their help throughout the season.

Congratulations to the team's award winners:

The junior girl's basketball team worked hard and improved significantly this year. The year started off with Stephanie and Chelsea as our two returning players, Michelle who moved up from bantam, Freda who was full of talent and five players who have never played the game before — Valerie, Mihwa, Connie, Rita and Cena! Lay up after lay up, scrimmage after scrimmage, the new players learned the game and the returning players learned to be leaders. Congratulations to you girls on learning new skills and developing a love for the game of basketball! Bravo! See you on the court next year!

The 2004-2005 basketball season has been a learning experience for all of us. One word comes to mind when we think back about the season: **IMPROVEMENT.**

Improvement in the physical aspect of the game, the mental aspect as well as a big improvement in the commitment of each players in the team. We had some ups and downs but the good thing is that our downs happened at the beginning of the season and our ups at the end of it, and that says a lot. I wish I will see you all shooting hoops next year when bball season starts again, whether or not you will be at Stanstead, keep playing and remember that it is all about having fun, and trying to win a few from time to time :-). Thanks Mr Jansen for your dedication and your coaching skills, the Stanstead Basketball program will miss you very much in the upcoming years!

One season with 10 players, 5 ESL students, 4 nationalities, 4 languages, 3 grades, 2 long campus confinements and 1 coach. With numbers like that, who cares about the game stats! We lost more games than we won, but we won some. We began learning what the words teamwork, sportsmanship and commitment meant. We earned a play off spot but had to forfeit with illness and injuries. It was a building year, an interesting season and hopefully one that taught us all something. Congratulations to our Bantam S recipients, Nicolas Bauer and Captain Brandon Fortin.

This years Bantam Girl's Basketball team was the perfect combination of experience enthusiasm. Although we had several new players to the game we still had our share of experienced veterans, both of Stanstead basketball and from outside the school to help show them the way. The one thing that will stick out in my mind about this team is how much laughter we shared. Whether it was telling stories and jokes or playing games on the bus while our feet froze on the way home from away games or struggling through hard times on the court we always seemed to come out laughing. On the floor we had an extremely talented team, with a basic style of play and players who could make it happen, unfortunately we didn't fair too well in the play offs, but we still "went crazy". I would like to thank my three co-captains, Ling Chiu, Tania Laroche Duhamel and Kristina Wilson and wish them and all the girls moving up to Junior next year all the best. For all the girls who will be returning, I will be looking forward to another "crazy" season next year!

The 2004-2005 Spartans experienced a frustrating ETIAC season, losing four league games and the league title, notwithstanding the fact that the boys dominated each and every game, out-shooting all opponents by a wide margin. However, the team played solidly in a 7-2 semi-final win over Galt, and again in Cowansville in front of 1000 MVR fans, to capture their ninth consecutive play-off championship with a 5-2 victory. At the Provincial Championships, the Spartans advanced to the final with 7-2 and 5-3 wins over Lower Canada College and Chateauguay Valley Regional, before losing 3-2 to Centennial Regional, in large part due to a poor start which resulted in a three goal deficit. Stanstead played with great determination in the third period, scoring two unanswered goals, but simply ran out of time. Once again, CanAm was a huge success, due in large part to the efforts of Mr. Simard, Dugie Ross and all of the parents who generously volunteered their time. The home team started slowly with a 6-1 loss to Kent's Hill, the eventual tournament champions, but rebounded with 4-1 victories over Rye Country Day and River's to qualify for the final. Although the Spartans were eliminated with a 2-0 loss to powerhouse, Our Lady of Mount Carmel, the boys played one of their best games of the season. The highlight of this year's season was, without a doubt, the March trip to Switzerland, where the Spartans lost four games to top Elite Junior teams. Initially, the team had difficulty adjusting to the six hour time difference, but eventually gave the Swiss all that they could handle and could easily have split the four games. Aside from playing some great hockey, the boys took in the sights in Zug, Lucerne, Locarno, Lugano and Zurich, visited the incredible Chateau de Chillon, witnessed two unbelievable Swiss National League play-off games and got in some pretty phenomenal skiing in Saas Grund and Saas Fe. As always, the boys represented Stanstead with class. Thanks to Nick MacIsaac, Graham Lloyd Smith and Tristan Balcer for their leadership and to the whole team for their determined effort throughout the year. You deserved much better this season. Congratulations to our three captains, as well as, Julien Bouter and Michael Ainslie, our dynamic duo, on their well-deserved "Major" awards. Thanks also to Mr. Rioux for his valuable assistance and his total commitment to the team, and to Mr. Wells and Mr. Scheib for their great work with the juniors.

-Mac

It has been a year of kicking, cars, mountains, horses, hard hats and many other cheesy innuendos with the Lady Spartans. This team certainly exceeded all expectations. If you never made it to the rink during a girl's hockey game this year you definitely missed something special. This group of young ladies played every game with passion and determination. Although they did not win every game, they always remained positive and demonstrated to everyone around them that hockey is FUN!!! The season began with players learning how to put on their equipment and ended with a heartbreaking loss in the league final. Although this obviously represents a steep learning curve, the girls were always up for the challenge. With a perfect mix of older and younger players, skill development improved rapidly. It was always a pleasure to watch the more experienced players helping the new players work on their game. This team gelled together from the moment the first puck dropped and never did they come unglued. It was amazing to see the support and care the girls exhibited towards one another all season long. New friends were made and a solid foundation for years to come has begun. My thanks go out to our assistant captains, Lisa, Amanda, and Sara for their strong dedication. Special thanks to captain Kim McNamara who went beyond the call of duty in effort and enthusiasm to make this year special for all her team mates. Best wishes to all those girls moving on next year, and to those who are staying I look forward to next season.

This year our record overall was 4-12-1 at junior and 4-5 at bantam. Although this may not seem very good, all of our wins came after Christmas. After losing 6 straight in 2004, the teams came back to win 8 during the balance of the season. This says a lot, I think about the kind of people who played on this team. It would have been much easier to pack it in and assume victory would continue to elude us, but the guys always showed character no matter what the odds, rose to the occasion and gave their best. Mr. Scheib, Mr. Cray and I demanded a lot out of this team in terms of their comportment on and off the ice. We worked at it all year and I must say the boys on the team rose to the occasion and although were not perfect, by the end of the year we were a very self disciplined team. This is what I care about much more than wins and losses and this for me is what made it such a memorable season. I want to thank each and every player for meeting this challenge, it has been a privilege to coach you and I congratulate you on your many successes this year.

I am very pleased to announce that the Stanstead College Swim team won the ETIAC Championship for the second year in a row. My co-coach Madame Roy and I are very proud of all of our swimmers and hope they had as much fun this year as we did. What we are most proud of is the exceptional team spirit everyone showed even when faced with adversity. The swimmers trained hard in practice and swam hard in competition. Our team captain's Montse Sanz and Uli Scheurlen were a wonderful asset to the team and we are very sad to be losing to them next year. The swim team will be starting from scratch as the majority of our swimmers will be leaving the school at the end of this year. I wish everyone the best of luck next year. JUST HEARING RYOTA MADE HIS OPPONENTS FEEL TIRED. BECAUSE HE WAS A GOGETTER, A HUSTLER, A MOVER. KEELIN WOULD LOB WITH PRECISION AND CARE. KEELIN BLENDED IN HE WAS QUIET AND DISCREET. HE MOVED QUICKLY AND NIMBLE OVER HERE OVER THERE. AND HE ALWAYS MADE SURE THAT HE DRESSED REALLY NEAT. DAIRIC CHOW FIRST I'D LIKE TO TELL YOU. THAT HIS RACQUET WAS SHINY AND YELLOW AND NEW... WHAT THE HECK, IT'S NOT THE BEST RACQUET THAT MAKES THE BEST MAN. BECAUSE DAIRIC GAVE HIS ALL EACH AND EVERY DAY TWO. (EVEN WHEN HE LOST TO JENNIFER BAUER. THAT WAS JUST PART OF HIS GRAND MASTER PLAN). RYAN WAS BACK THIS YEAR AND HIS NOBLE QUEST. TO IMPROVE HIS BACKHAND AND MOVE TO THE "T". WAS FULFILLED AS HE LOOKED RELAXED. AT HIS BEST. HE LAUGHED. HAD GOOD TIMES AND ALMOST CHEERED... WHOOPEE. LUKE HIT THE BALL. HIT THE RACQUET, HIT THE WALL. HIS ENJOYMENT WAS OBVIOUS. HE WAS BY NO MEANS A CLOWN. LUKE STRETCHED LIKE A GIANT OF TEN FEET TALL. YET WHEN HE WOULD LUNGE. HE WAS AN INCH TO THE GROUND. WON GYUN WAS A BOY WHO WORKED VERY HARD. HE WAS KEEN. TO MAKE THE TEAM AND HOLD HIS OWN ON THE COURT. HE LIKED TO PLAY SQUASH AND THOUGH HIS DROP SHOT WAS MEAN. HE WAS GOOD NATURED, POLITE AND DIDN'T SELL A GAME SHORT. SO I WANT TO THANK EVERYBODY AND I MEAN WHAT I SAY. WITHOUT YOU GUYS THE SPIRIT AND FUN WOULD BE LOST. THE SEASON WAS MUCH MORE THAN JUST MERELY OKAY. AND I HOPE YOU KEEP PLAYING THIS GREAT GAME... WE CALL SQUASH.

The 2005 Stanstead College Rugby Football Club sent a young squad to Washington after a three year hiatus and played some exciting rugby on the National Mall. The club had a tough "preseason" going 0-5 before their first win. However, a tremendous effort at CAIS resulted in wins over UCC and Strathcona before St. Andrew's eked out a tight second half victory resulting in a school best ever fourth place finish. Members of the team participated in the Galt and GMAA Sevens losing in the semis of both. They dominated the ETIAC league going undefeated. Unfortunately, BCS showed greater desire to win the championship game 7-0 with a late score. Overall, the First XV ended with a record of 11-10-1. A lot was learnt this year. Factoring in skill development, focus, attitude, comportment, singing, supporting the women, coming together as a team and not playing selfishly, the team had incredible growth. A Major "S" was awarded to Ulrich Scheurlen; Captain and CAIS Fair Play Award winner Stephan Ma; the MVP was awarded to Pack Leader Chad Thompson who played every minute and proved to be invaluable. Senior "S" was awarded to Nick MacIsaac who provided the most exciting score of the season; Paul Kim who showed he was the consummate team player by stepping in at scrum half and fly half as well as being a force at inside center; Mathieu Lemyre who played every game with desire and intensity. For all those who have played for Mr. Scheib, never forget... "it is a great, great day for a game of rugby football."

PICTURE THIS... THE SKY WAS GREY AND COLD AND WET. TEN PLAYERS STRONG BOTH SIDES OF NET. KEPT PLAYING AGAINST THE GODS AND THE WINDS. WERE BLOWING HARD.... THEY WOULD NOT RESCIND. INSTEAD OUR PLAYERS SPIRITS GREW ALL THE STRONGER. THE SHOTS WERE HARD AND THE POINTS WERE LONGER. THE COURTS ARE TOO SLICK! FINALLY CALLED OUT. WE ARE SPARTANS, WE ARE SPARTANS THEY CALLED BACK AND WOULD SHOUT. WE ARE SPARTANS. WE ARE SPARTANS... LET'S PLAY IT OUT. MY GOD, I THOUGHT FOR AN INSTANCE... NOT LONG. BECAUSE OF THE VOICES AND THE THUNDEROUS SONG. THAT THIS WAS ANOTHER SPORT THAT RHYMES WITH BUGBEE... BUT I WAS WRONG. THOSE TEAMS WERE ON THE FIELDS OF THE GRASS. NO THESE WERE THE TENNIS PLAYERS WHO WERE KICKING... DON'T ASK. THAT WAS THE TIP OF THE ICEBURG... AS THIS SEASON STARTED. WITH A SENSE OF SPIRIT THAT WAS FULLY GOOD HEARTED. AND THE WIND AND THE COLD AND THE RAIN AND THE DEW. DIDN'T STOP THEIR FOCUS BECAUSE IN SPITE THEY SHINED THROUGH. THEY MADE IT A PLEASURE TO COACH AND TO GUIDE. I WISH THEM THE BEST IN THEIR FUTURE... AND WITH PRIDE. THEY SHOULD STAND UP TALL AND HOLD THEIR HEADS HIGH.

The 2005 version of the Stanstead College Golf team played competitively, and held on to a narrow lead over Massey Vanier right until the end. The team won the first two competitions at Bromont and at Orford, and finished second at the home tournament at Dufferin. Nine players all had the opportunity to compete in at least one tournament. All of the boys improved at least one aspect of their game over the course of the season, with the most notable being Philipp's improved putting! The boys practiced and played in a wide variety of weather, but they all learned the all important motto in golf...we play in all sorts of weather so pack your bag accordingly! In the inter-squad tournament, things went back and forth between Andrew, Luis and Matt, and in the end, Matt Shannon was crowned the winner of the 2005 Stanstead College Golf Shield. This was most fitting as he finished first for the team scores in three of the four tournaments. Congratulations to all on a good season, enjoy the game and play it for life. Remember...drive for show and putt for dough!

For all students at Stanstead College, Thursdays mean no sports practices to go to, but clubs instead. To me, this means going to Newport City Elementary School in Newport, Vermont to visit with and be a mentor to the kids who are in the after school program there. We were given the option of whether we wanted to work with one specific child each time or a group. I decided to spend my time with one, a nine-year-old girl in grade 4 named Thalia. Every time that I walk into the classroom, Thalia is always happy to see me, which in itself makes me feel like I'm needed and appreciated; a gift that I consider myself lucky to receive. I know I will never forget my experience with this club. Just by looking at these kids and some of the opportunities that we have that some of them don't, makes me realize how fortunate I am in life. It's an added bonus of being a student at Stanstead College. Very few people ever get the chance to do something like this in their lifetime, and for that I am extremely grateful.

Its only now when so much time has gone by that I can really appreciate and reflect on my experience at Stanstead. I must say that even though I'm back home enjoy what is left of the summer I spent most of my day wondering what class would be next or what would there be for dinner, but most importantly wondering how everyone is doing, the typical 'what's up!'.

I must admit that when I went to Stanstead I had no expectative of what was to come. I chose things to be that way, I didn't want to get disappointed. I now realize there was no way that could have happen. After all going to Stanstead has proved to be an incredible experience, one I'm never going to forget. Now that my time there has come to an end I come to the conclusion that the experience couldn't have been more satisfactory and overwhelming I remember how scared I used to be and how I used to think that a month and a half would be an eternity.

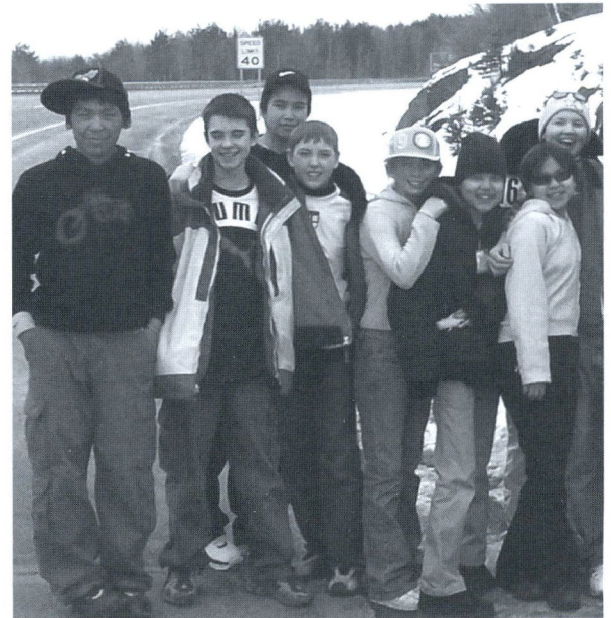

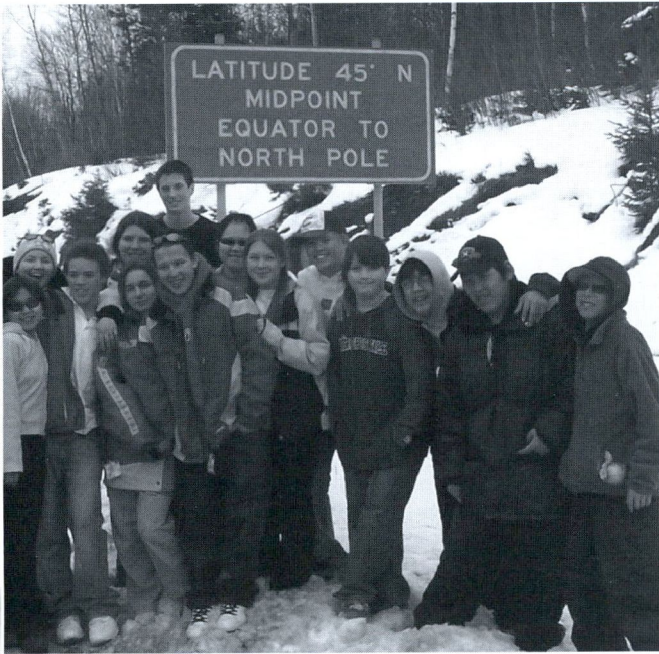

Through out my time there I learned and discovered many things not only about other people but most importantly about me, I had the chance to enjoy sharing my day to day life with other girls that just like me had left their families and friends back home to study. I was also able to explore my academic side, learn some French of that I'm proud of and also see how the things I learn in Peru relate to things learnt elsewhere. During my time I was able to explore in a more broad way the sense of independence and relying on people out side one's family.

It has been without a doubt a very adventurous experience and I wouldn't change it for a thing. Even with the coldness and the freezing winds I just have to say that I loved every single part of my journey and add that I'm really thankful to all the people that were beside me throughout the time I spent at Stanstead and all the people that every year give kids the chance to get out of their normal and monotonous life and do something different something that will help them develop as a person.

Filling the gap between student and teacher. They're a long way from home and loving it. They're neither students nor teachers and that's just fine with them. They are Stanstead College's gap students – junior faculty members Charles Masaki, Alistair Cray, and Amii Attard. Alistair and Amii are from England, Charles from Kenya. All three have immersed themselves in Stanstead life, assisting faculty members in and out of the classroom, helping in extra-curricular activities, and being there for students. In return, they get a once-in-a-lifetime experience. "This is such a fantastic place to be," said Charles. Stanstead College has a long tradition of welcoming gap year students – high school graduates who have decided to take a year off before plunging into full-time post-secondary education. Already accepted at the University of Manchester, Amii said she wanted a break after all those years of high school. "I think I'll appreciate my degree lectures more if I take a break from formal sessions," she said. She also decided she wanted to do something meaningful during her gap year, not simply tool around Europe or work a part-time job. She applied to Stanstead because she wanted to be both in Quebec (she plans to study French at Manchester) and in a boarding school setting. Since her arrival last September, she has been teaching English Second Language and assisting with the coaching of the junior girls' soccer team. Alistair comes to Stanstead through a family friendship with Headmaster Christopher Shannon. Planning on studying Geography at the University of Durham, Alistair, like Amii, wanted to do something different in his gap year. He has found his skills being put to good use in the computer department. "This is the best time to do something like this before you don't have to worry about grades and career," he said. Charles hadn't originally planned on being a junior faculty member. All he knew was that he wanted to come to Stanstead. He made this decision after he and fellow delegates from Starehe Boys' Centre in Nairobi befriended Stanstead students and Headmaster Shannon at the 2002 Round Square Conference in Germany. In fact, Mr. Shannon was so impressed with Charles (who will be studying medicine on full scholarship at the University of Nairobi upon his return) that he applied to the Roaster Foundation for funding to bring him to Stanstead, which the foundation graciously agreed to do. Charles jumped at the chance – despite warnings about the cold and photos depicting Stanstead's snow sculpture contest. "I've been freezing for some days," he said with a laugh in mid-October. Charles has been helping in the math and science departments since his arrival. Paid room and board and a small stipend for their work, all three also help out in the library, in residence, wherever they are needed. In fact, they feel that this is what they contribute most to the school – they fill the gaps. "I'm living in Colby residence where the junior girls need a bit more attention," said Amii. "Any time they want, the girls can come to my door, whether they need to borrow something or need help with homework. I can help them on a different level than if I was their teacher." "We're an extra pair of hands," added Alistair. "We're not students, not full members of the faculty." "We fit in both shoes," said Charles. In return, the three are exposed to Canadian and Quebec culture, not to mention the many international cultures of Stanstead College. The experience will also have practical repercussions. "When you apply to university, it's not just academics they look at but that something extra. I think Gap gives you that something extra," said Amii.
